Sustainability is not a fashion trend.

As far back as 2000, ETERNA was the **world's first manufacturer** of men's shirts, business clothing and blouses to receive the **highest OEKO-TEX® certification**, which today equals the product label MADE IN GREEN by OEKO-TEX®. We've also **disclosed our entire value chain** since 2015. This is available for anyone - you can trace your product without gaps using the EAN code.

Also, we support a **large variety of sustainability projects** and initiatives like better cotton, myclimate, Green Button, TEXAID and many more.

eterna-naturally.com

#NATURALLY

seals the beliefs and values of ETERNA: highest quality, sustainability and fair production.

We take
responsibility.

Environment

Throughout the entire life cycle of our shirts and blouses, we endeavour to keep our **carbon footprint as small as possible**. We avoid monocultures when we source our cotton, we pay attention to the **quality of waste water** in textile finishing and we optimise transport routes to avoid unnecessary emissions.

Resources

We aim to handle resources consciously, meaningfully and sparingly. Our motto is: **reduce, re-use, recycle**. Wherever possible, we use recycled products in order to give leftover cotton, paper or cardboard a second life. At present, we're successively replacing plastics with renewable and reusable recycled materials.

People

ETERNA **takes responsibility** for all the people involved in the manufacturing process of our shirts and blouses – regardless of the country they work in. We regard **fair working conditions**, occupational safety, regular working hours and social benefits as basic rights and as a matter of course. We do not tolerate discrimination, child labour or forced labour.

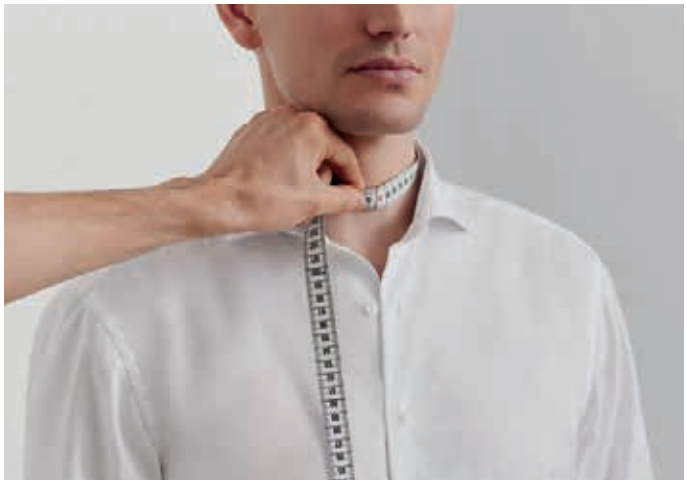
Transparency

ETERNA fosters long-term, **close relationships** with its suppliers. These relationships are built on trust. Because close cooperation is required in order to ensure **supply chains are seamlessly certified**. The value chains for shirts and blouses which bear the MADE IN GREEN by OEKO-TEX® product label are **fully transparent**.

Future

ETERNA's sustainable principles are fixed in **our company policy** and our environmental policy. All employees have to state their commitment to these guidelines. Our **business partners** have to accept our supplier code of conduct to confirm their **sustainable and responsible way of working**.

Fit Guide - Find your perfect Fit



❶ Collar Sizes

To determine the correct collar size, place a tape measure around the neck, just below the larynx, at the point where the collar of the shirt will later sit. When measuring, the forefinger should be included between the neck and the measuring tape so that the collar sits comfortably and does not cut in.

❷ Chest measurement

The circumference of the upper body is referred to as the bust size for women and the chest width for men. This is measured at chest height at the widest point (usually at the level of the nipples) around the entire upper body.

❸ Waist measurement

It is measured at the narrowest point of waist to determine the waist measurement.

ETERNA

SOFT LUXURY SHIRT

Soft. Significant.

Luxury for everyday life.

Only premium-quality fabrics are used, for example two-ply fabrics in which twisted yarns are the starting point for dense, soft fabrics. These are pre-washed for a soft feel right from the start.

All Soft Luxury Shirts have soft collars and cuffs as well as unglued inserts. The shortened torso length allows for wearing inside and outside of pants.

Garment Washed | Two Ply Fabric | Short Length | Super Soft | CO_2 Neutral

Cutaway Collar

The Cutaway collar is a modern business collar option. Its spread creates a balanced and contemporary proportion, making it ideal for wider ties and lapels. It can be worn open or closed, with or without a tie. The Cutaway collar is a versatile option for men looking to add a touch of modern sophistication to their business attire.

How to Tie a Tie

The tie has been a fashionable accessory for a very long time, and its classic and timeless appeal is undeniable. It is often paired with a blazer or suit and a sharp shirt to create an elegant and sophisticated look, which is just as relevant today as it was in the past. The history of the tie dates back to the Thirty Years‘ War in the 17th century, when Croatian mercenaries wore a scarf around their necks. Eventually, the use of scarves became popular among French aristocracy.

Despite its enduring popularity, the tie has remained largely unchanged over time, except for variations in its width. Therefore, it is crucial to know how to tie a tie in a correct and graceful manner. Our comprehensive guide provides a step-by-step process to help you learn the easiest way to tie a tie, so that you can be prepared for any important occasion. Although there are numerous knots to choose from, we have focused on the most adaptable and widely-used knot, the four-in-hand knot, which is suitable for all types of collars and easy to master.
